DECHEMA/VDI Division “Process Engineering and Materials Technology” invites for this years' conference.

SCAN ME

INVITATION

Interdisciplinary topics such as **climate-friendly and sustainable production, electrification, CO₂ and H₂ management** are developments driving **process engineering and materials technologies** in present and future. Other key topics such as **digital technologies in engineering, plant construction and operation, trends in process development and process technology** as well as **latest developments in plant construction and operation** will also be within focus of the annual meeting 2024. **Trends in materials and apparatus technology** will also be covered.

The annual meeting is also an opportunity for the expert groups „Process and Plant Engineering“, „Digital Technologies“, „Model-based Process Development“, „Modular Plants“, „Cost Engineering“ and „Turnaround Management“ as well as the DEXPI Association to exchange information. We are delighted to welcome our colleagues from the fields of materials engineering, equipment design and lifespan analysis.

EXHIBITION

Exhibitors and sponsors are very welcome. To discuss the opportunities or book a package, please contact Andrea Köhl (details given below) and/or visit our website.

NETWORKING

Networking is more important than ever, which is why we want to strengthen the personal exchange between students, doctoral candidates, career starters and experienced colleagues from science and industry during the breaks and at the evening poster party.

MORE HIGHLIGHTS

A **dedicated start-up / SME session** and the **19th ChemCar competition** will complete the programme.

PAPER SUBMISSION

Please submit related presentations and posters in English at the latest by **10. May 2024!**

The abstract should explicitly mention objectives, new results and conclusions or significance of the work. Accepted abstracts will be published for all conference participants in a book of abstracts (PDF file).

Please note: registration fee cannot be waived for authors.

We are looking forward to welcome you at Frankfurt in November 2024!
